

British Isles datapack of regional stratigraphy -- current contents (November, 2012)		
	<i>NOTE: This datapack was developed in conjunction with the British Geological Survey (especially Colin Waters; cnw@bgs.ac.uk)</i>	
	<i>Main reference = Waters, C.N. et al (16 authors), 2007. Stratigraphical Chart of the United Kingdom: 2 sheets -- Northern Britain & Southern Britain. British Geological Survey, 2 posters.</i>	
	<i>NOTE: Each set of columns is separated by a strip "color of time" of the international-stage divisions to clarify the temporal correlations</i>	
Offshore UK		
	Tectonics and volcanics of North-west Approaches/Hebrides Shelf	
		<i>Tectonics of NW/Hebrides</i>
	North-west Approaches / Hebrides Shelf (region N1)	
		<i>Left column (region N1)</i>
		<i>Right column (region N1)</i>
	Northern North Sea (region N3)	
		<i>Left column (region N3)</i>
		<i>Right column (region N3)</i>
	Central North Sea (region N8)	
		<i>Left column (region N8)</i>
		<i>Right column (region N8)</i>
	Southern North Sea (region S4)	
		<i>Left column (region S4)</i>
		<i>Right column (region S4)</i>
Onshore Scotland & Northern Ireland		
	Tectonics and volcanics of Scotland and Northern Ireland

	Northern Isles (region N2)	
		<i>Left column (region N2)</i>
		<i>Right column (region N2)</i>
	Northern Highlands (region N4)	

British Isles datapack of regional stratigraphy -- current contents (November, 2012)		
		Left column (region N4)
		Right column (region N4)
Western Isles & Inner Hebrides (region N5)		
		Left column (region N5)
		Right column (region N5)
Grampian Highlands (region N6)		
		Left column (region N6)
		Right column (region N6)
Midland Valley of Scotland (region N7)		
		Left column (region N7)
		Right column (region N7)
South of Scotland (region N9)		
		Left column (region N9)
		Right column (region N9)
Northern Ireland (region N10)		
		Left column (region N10)
		Right column (region N10)
Isle of Man and N. Irish Sea (region N11)		
		Left column (region N11)
		Right column (region N11)
Southern Irish Sea (region S1)		
		Left column (region S1)
		Right column (region S1)
Northern and Central England & Wales		
	Tectonics and volcanics of Northern and Central England & Wales	
		Tectonics of N. England & Wales
Northern England (region N12)		
		Left column (region N12)
		Right column (region N12)
Lancashire and Cheshire Basin (region S2)		
		Left column (region S2)
		Right column (region S2)
Yorkshire (region S3)		
		Left column (region S3)
		Right column (region S3)

British Isles datapack of regional stratigraphy -- current contents (November, 2012)		
	East Midlands (region S5)	
		Left column (region S5)
		Right column (region S5)
	West Midlands (region S6)	
		Left column (region S6)
		Right column (region S6)
	North Wales (region S7)	
		Left column (region S7)
		Right column (region S7)
	South Wales (region S8)	
		Left column (region S8)
		Right column (region S8)
Southern England		
	Tectonics and volcanics of Southern England	
		Tectonics of S. England
	Celtic Sea and Bristol Channel (region S9)	
		Left column (region S9)
		Right column (region S9)
	South-west England (region S10)	
		Left (region S10)
		Right (region S10)
	Bristol and Gloucester (region S11)	
		Left (region S11)
		Right (region S11)
	Hampshire Basin (region S12)	
		Left column (region S12)
		Right column (region S12)
	London and Thames Valley (region S13)	
		Left (region S13)
		Right (region S13)
	Eastern England (region S14)	
		Left (region S14)
		Right (region S14)
	Weald Region (region S15)
